Clarra Case Management for In-House Litigation

Gain control and visibility of your litigation cases to improve outcomes

Clarra Case Management Optimized for Litigation

Clarra is a cloud-based solution tailored for litigation management. We help corporate legal teams and legal operations handle their litigation cases, collaborate securely, enhance visibility, improve efficiency, and meet every deadline.

Improve Efficiency

Clarra's adaptable system addresses the complexities of various legal cases, including employment disputes, mass torts, class actions, and intellectual property issues. It provides comprehensive management of deadlines, documents, contacts, and case budgets.

Never Miss Deadlines

Automated reminders and advanced docket management ensure you stay ahead of deadlines. Seamlessly integrating with court rules and calendars nationwide, Clarra provides timely alerts for critical dates, ensuring accurate tracking and compliance.

Improve Visibility

Clarra offers a full-spectrum view of your cases, including MDL, sub-matters, and plaintiffs, through real-time updates and customizable dashboards. Facilitate secure collaboration with external partners while gaining insights that support strategic decision-making and align with your legal objectives.

Modernize Case Management

Clarra revolutionizes case management through seamless integration with over 6,000 applications, eliminating the need for coding. Effortlessly manage cases, events, and timekeeping with customizable properties and robust API capabilities.

Why Clarra for In-House Litigation Management?

Simple and Intuitive

Clarra offers an intuitive interface and matter-centric dashboards that simplify administrative tasks. No-code customization with over 6,000 app integrations via Zapier, granular access controls, and efficient docketing workflows enhance practice efficiency and ensure compliance.

Optimized for Litigation

Centralized matter management, automated workflows, and sub-matter visibility enhance the efficiency of your legal operations. Clarra's comprehensive reporting, closed-loop docketing, and event tracking ensure productivity and precise case management.

Closed-Loop Docketing

Effectively manage tasks and deadlines with integrated document management. Audit-ready docketing and custom reporting provide valuable insights, reducing missed deadlines and compliance risks.

No-Code Customization

Enable self-service customization without coding. Tailor data management and integrate with over 6,000 apps via Zapier. Customize data properties, fields, and access controls to meet your firm's unique needs, enhancing security and operational efficiency.

Seamless Integration

Utilize advanced integration features on a secure Microsoft Azure platform. Our REST-based public API facilitates easy third-party connectivity and customization, supporting advanced workflow automation.

Rapid Transformation

Flexible settings allow for rapid customization to fit your firm's terminology and case management needs. Easily adapt to handle diverse legal applications, including claims management, licensing, contract management, project management, and records management, without requiring any coding expertise.
