Clarra Case Management for Matter Management

Comprehensive visibility and control of legal matters, cases, and claims

Why Choose Clarra for Matter Management

Customized for Matters

Tailor Clarra's platform to fit your practice areas and workflows, ensuring all relevant information is captured and easily accessible.

Grow Your Firm

Seamlessly scale your law firm with Clarra's system, streamlining case handling and client communication to handle increased caseloads efficiently.

Improve Efficiency

Automate routine administrative tasks, reducing time spent on paperwork and boosting productivity. Clarra modernizes case intake to document management.

Enhance Visibility

Gain a bird's eye view of all matters with real-time updates and customizable dashboards, providing deep insights into case status and progress.

Never Miss Deadlines

Stay on top of critical deadlines with automated reminders and advanced docket management, integrating seamlessly with court calendars.

Simplify Matter Management

Intuitive tools make complex matter management straightforward, from initial consultation to case closure, ensuring all team members manage their responsibilities effectively.

Modernize Case Management

Transform case management with seamless integrations and a modern tech stack, synchronizing across 6,000+ applications without coding.

Comprehensive Matter Management Features

- Track Detailed Matter Information
- Customize Access Based on 70+ Permissions
- Create Custom Fields for Matters
- Link Sub-Matters for Complex Cases
- Control Access by User Roles

How-To Guides

Create a Matter

Set up new matters quickly with a few clicks, adding team members, key data, and notes for immediate work commencement.

Add Custom Fields

Customize matter details to your firm's requirements, capturing all relevant information efficiently.

Customize Reports

Generate comprehensive, customizable reports for analyzing matter progress and efficiency, aiding in strategic planning.

Control Access

Ensure confidentiality with granular control over who can view or edit matters, assigning different access levels based on roles.

Link a Matter

Streamline tracking and reference by linking related matters, providing a holistic view of interconnected cases.
